Baseus Adaman2 10,000 mAh Powerbank, 2xUSB, USB-C, 30 W (white)

Ensure you can conveniently charge your devices wherever you go. The Baseus Adaman2 compact powerbank is distinguished by its 10,000 mAh capacity and can accompany you almost anywhere - even on a plane. You can easily connect 3 devices to it at the same time - 2 available output ports (USB) and one input / output port (USB-C) allow you to do so. The product also supports fast charging, and its output power reaches 30 watts (on the USB-C port).

Fast charging

Experience how quickly your devices can be ready for use again. The Baseus Adaman2 powerbank supports PD 30 W fast charging (on the USB-C port), so it can restore power to various Apple devices in a short time. For example, it takes about 55 minutes to charge a MacBook Air to 48%, and you can charge an iPad Pro to 100% in about 110 minutes. What's more, the powerbank's USB ports enable fast charging with 22.5 watts of power and support standards such as PD, QC, SCP, FCP and AFC. As a result, the product can also charge Xiaomi, Samsung smartphones and more in a short time.

Charges 3 devices simultaneously

Charge several of your devices at once, or lend the powerbank to a friend whose phone also needs charging. The Adaman2 model is equipped with as many as 3 output ports - USB-C, USB1 and USB2 - so you don't have to wait for one device to be ready for use before

plugging in the next one! Now you can charge your phone, tablet and wireless headphones at the same time, for example.

Capacity of 10,000 mAh - hassle-free charging

The capacity of the powerbank is as much as 10,000 mAh. This is enough to freely restore energy to up to 3 devices at the same time. With the product, for example, you can fully charge an iPhone 13 about 1.8 times, a Huawei P50 about 1.3 times, and an iPhone 8 about 3 times. In addition, the powerbank supports an input power of 18 watts, which means that with a PD cable you will charge it in just about 3-4 hours.

Powerful powerbank in mini size

The Baseus Adaman2 powerbank is distinguished by its extremely handy design and compact size - it easily fits in the palm of your hand. You can easily store it in your purse, backpack or even in your pocket! It is also very lightweight - it weighs only about 206 g. What's more, the device meets international aviation standards, which means you can carry it with you on a plane. It's the perfect travel companion!

Even more conveniences

You no longer have to wonder how much longer you can use the powerbank before you need to plug it in. Baseus Adaman2 is equipped with a small screen that displays information about the battery charge level - to check it, just press a button! At the same time, the device looks extremely stylish - the matte casing gives it an elegant character and is very pleasant to the touch. The powerbank also ensures the safety of use - it is protected against short circuit, overcharging, overheating and overvoltage, among other things.
