Ref: 3760115719026

Capsule coffee maker Techwood TCA-196N (black)

TCA-196N Techwood capsule coffee maker (black)

With the Techwood capsule coffee maker you can quickly and conveniently prepare your favorite beverage. The TCA-196N will allow you to prepare coffee, hot chocolate or tea. It is equipped with a 600 ml water tank and is distinguished by a pressure of 19 bars. What's more, its operation is simple and convenient, so you won't have any problems. The device est compatible with Nespresso and Dolce Gusto capsules.

Delicious, aromatic coffee

Now you can enjoy hot, stimulating coffee without leaving home. The Techwood TCA-196N uses a pressure of 19 bars, bringing out maximum flavor and aroma. What's more, you can use the machine to prepare not only coffee, but also tea and hot chocolate.

User-friendly design

Another advantage of the pour-over coffee maker is its simple and convenient operation. On the top of the device there are buttons: power and cup or cup selection. Moreover, the water tank is distinguished by its 600 ml capacity. In addition, it is transparent, so you can control the amount of water and refill it in time.
