

## Toaster Techwood TGP-246 (black)

Toaster Techwood TGP-246 (black)

Ref: 3760301551683

Techwood TGP-246 bread toaster.

If you like toasted bread or want to freshen it up before you eat it, this toaster will work perfectly. The 600 to 700W power will allow you to quickly brown two slices of bread at once, plus you can adjust the degree of toasting. However, if you change your mind, you can always stop the toasting process with the instant stop button.

Safe to use

The toaster is extremely easy to use, and therefore also safe. It has been equipped with a safety feature that will not let the bread slices leave the toaster, without power. This ensures that you will never leave the toaster running and forget about toasted bread, even during a power outage.

Cleanliness in the kitchen

The toaster is equipped with a crumb tray to keep its surroundings clean, and a cord storage compartment makes storing it extremely easy.
