

## Cup blender Techwood TBLI-410 (black)

Cup blender Techwood TBLI-410 (black)

Ref: 3760196097594

Techwood TBLI-410 cup blender (black)

Blend your favorite fruits and create tasty drinks that will be a vitamin and energy bomb for your body! The TBLI-410 blender will allow you to blend up to 1 liter of beverage, and with two speeds, you'll decide how finely all the particles will be blended. You can also use the pulse mode to make sure that not everything has been finely ground. The blender's blades and body are made of stainless steel, making the device very durable. The 400W power even allows you to crush ice - and a dedicated function will help. A special graduated bowl will allow you to evenly distribute the blending result to evenly distribute portions of vitamins for yourself or the whole family.
