Hair Dryer Techwood TSC-2288 2200W

Ref: 3760301553045

Techwood hair dryer TSC-2288

Enjoy fast, yet safe drying of even long and thick hair. The Techwood TSC-2288 hair dryer provides up to 2200W of power and offers 2 speed levels to choose from. It also allows you to use the cold airflow. It is equipped with a practical concentrator and its filter is easily removable. This is the perfect appliance not only for drying, but also for styling!

Impressive performance - 2 speeds to choose from

With up to 2200W of power, you can quickly dry even extremely thick hair without risking damage. No more wasting time! The dryer also allows you to choose from 2 speed levels. And there's also a cold airflow function, which you can use once you've dried and styled your hair for that extra shine and hold.

Even more convenience

The hair dryer is extremely easy and convenient to use. It is equipped with a removable filter and has a special concentrator that allows you to focus the hot air on selected strands of hair. This will dry them even faster and make styling them easier! The dryer is also relatively lightweight and easy to transport. It also stands out with its elegant, modern design. A perfect gift idea!
