Bluetooth Speaker Blitzwolf, BW-WM2, 10W, 2000mAh, RGB

Blitzwolf AA-WM2 Bluetooth Speaker

Add color to your next party, garden picnic or beach trip. The Blitzwolf AA-WM2 speaker features 10W of power and delivers high quality sound. It supports Bluetooth 5.1 and is equipped with a 2000mAh rechargeable battery. It also stands out for its colorful RGB backlighting with up to 7 available effects. You can also pair 2 speakers together and enjoy stunning stereo sound.

High quality sound

Planning a party or gathering with friends? The AA-WM2 speaker will provide you with excellent sound quality! The device is distinguished by its power of 10W. It's also equipped with a full-range driver and passive diaphragm, so it can offer powerful sound, saturated with details. It's also possible to wirelessly connect 2 speakers together for fantastic stereo sound quality and 20W of power.

7 RGB effects

The AA-WM2 speaker stands out not only for its impressive power and great sound quality, but also for its modern, original design. It's equipped with colorful RGB backlighting that catches the eye and gives it a unique character. You can even customize its style to your liking by choosing from 7 available effects. Now you can easily create an unforgettable atmosphere at your party!

Various connection options

You can connect to the speaker in several ways. The AA-WM2 supports TF cards, and allows you to connect your tablet or phone via an AUX cable. It is also possible to connect to the speaker wirelessly - Bluetooth 5.1 technology will provide you with fast, stable and reliable signal transmission.

Up to 5 hours of music playback

Free yourself from cables and conveniently use the speaker wherever you want. The device is equipped with a heavy-duty battery with a capacity of 2000mAh. Thus, fully charged, it allows you to play music for about 5 hours or talk on the phone for about 20 hours. In standby mode, the product lasts for up to 90 days! What's more, charging the speaker will only take about 3.5 hours.

More amenities

The AA-WM2 speaker is light and compact enough to accompany you almost anywhere - it weighs only 252.27g. Just pack it in your backpack and take it to your next party, meeting with friends or trip! Its convenient operation is provided by built-in buttons. The device will also let you free your hands and talk freely on the phone - just connect it to your smartphone.
