

Mechanical gaming keypad WASD Motospeed K27 RGB

Ref: 6953460510272

Mechanical gaming keypad WASD Motospeed K27 RGB

Motospeed K27 RGB mechanical WASD keyboard

Looking for a modern keypad? The Motospeed WASD mechanical keyboard is for you! You can easily operate it with one hand. What's more, thanks to the design with a dedicated wrist rest, you can forget about the feeling of fatigue and increase your comfort. With the Motospeed K27 you can achieve great results during gameplay and break more records, as this keypad is equipped with 27 mechanical keys. Start a new game with a modern mechanical keyboard!

Exceptional backlighting

The K27 mechanical keyboard will look great on any gaming desk, as each of its keys is equipped with RGB LED backlighting. In addition, you can choose from up to 5 lighting modes, so you can customize it to your preferences. Millions of colors and surprising lighting effects give the keyboard a unique character.

Excellent quality

The buttons are extremely durable, as their life span is about 50 million clicks. In turn, the advanced flash chip is responsible for the enhanced performance of the device. This makes the Motospeed WASD mechanical keyboard to serve you perfectly for many years.
