

Powerbank / Jump starter 5in1 Lokithor AW401

Ref: 6928493308158

Powerbank / Jump starter 5in1 Lokithor AW401

Powerbank / Jump starter 5-in-1 Lokithor AW401

Lokithor AW401 is a versatile 5-in-1 device that will be useful in almost any car. It will be perfect as a jump starter with a peak current of 2500A, and can also serve as a powerbank - it supports 60W fast charging. You will also successfully use it to inflate a tire - it offers a pressure of up to 150psi. The product will also serve as a powerful pressure washer and a flashlight with a brightness of up to 500lm. You no longer need to buy 5 different devices - with AW401 you have everything you might need in one piece of equipment!

Reliable jump starter

Don't let an unexpectedly discharged car battery derail your plans. Jump starter Lokithor AW401 will help you start your vehicle's engine quickly! Distinguished by a starting current of 1500A and a peak current of 2500A - it can handle almost any situation. Fully charged, it allows you to start your car up to 60 times. Jump starter will be great for gasoline engines up to 8.5l and Diesel engines up to 6.5l. What's more, in standby mode the starter lasts up to 30 months - don't worry that it will refuse to serve you at the least opportune moment!

Powerful powerbank - fast charging

The AW401 is equipped with a durable 20,000mAh battery - it will also serve you as a powerbank. The device supports fast charging with a power of 60W (on the USB-C port), which means that the tablet or phone connected to it will be ready for use in no time. It also doesn't take long to charge the product - about 1.6 hours is enough. In addition, the jump starter allows you to start your car engine after just

about 5 minutes of charging the battery.

Will allow you to inflate tires

The product can also act as a tire inflator. It provides pressure in the range of 10-150psi, and also allows you to choose the unit (bar / psi). It stands out for its impressive performance - it can inflate a 195/65 R15 tire in about 4 minutes, a 225/60 R18 in about 6 minutes, and a 245/55 R19 in about 7 minutes. It will also work well for a ball or bicycle wheel. The device can also detect the pressure in a tire and inflate it to a certain level, then finish the job automatically.

Built-in flashlight

Provide yourself with an additional source of light. The starter is equipped with a practical flashlight, which is distinguished by a brightness of as much as 500lm and can shine continuously for up to 24 hours. Among other things, it will come in handy when carrying out minor repairs after dark. The device also offers 3 light modes - Constant Light, Stroboscopic and SOS. So with its help you can, for example, draw attention to yourself and ask for help, as well as increase your visibility if the situation forces you to stop on the side of the road at night.

Wireless pressure washer

Lokithor AW401 is also a cordless pressure washer. With its help, for example, you can quickly wash your car, water your plants in the garden or even bathe your pet. This is ideal for camping or on the road - you never know if you will not find yourself in a place where access to electricity will be severely limited. The washer is distinguished by an operating pressure of up to 1.5mpa, and its water flow reaches 7-9l/min. As a result, you can enjoy the incredible performance of the device.

In the box

Powerbank / jump starter 5-in-1

LO-CLAMP-Pro clamps

12V adapter

Car pump accessories

Pressure washer accessories

Water inlet / outlet pipe

Nipple connector / wrench

USB-C to USB-C cable

USB-A to USB-C cable

User manual

Brand

Lokithor

Model

AW401

Starting voltage

12V

Starting current

1500A

Peak current

2500A

Operating temperature (jump starter)

From -20°C to 50°C

Compatibility

Gasoline engines up to 8.5l, Diesel engines up to 6.5l

Car pump pressure range

10-150PSI

Accuracy of the sensor

±2PSI

Air flow rate

35l/min

Supported units

Bar / PSI

Pressure washer pressure

1.5mpa (max.)

Water flow rate

7-9l/min

Max. suction lift

5m

Self-suction height

3m

Max. lift distance

100m

Max. water outlet distance

50m

Operating temperature of the pressure washer

From 5°C to 50°C

Powerbank capacity

74Wh

Charging temperature

From 0°C to 45°C

Storage temperature

From -20°C to 50°C

USB-A output

5V / 3A, 9V / 2A, 12V / 1.5A (18W max.)

USB-C output

5V / 3A, 9V / 3A, 12V / 3A, 15V / 3A, 20V / 3A (60W max.)

DC output

12-16.8W / 10A (max.)

DC input

12V / 5A (60W max.)

USB-C input

5V / 3A, 9V / 3A, 12V / 3A, 15V / 3A, 20V / 3A (60W max.)

Flashlight brightness

500lm
