Bluetooth 5.1 speaker Blitzwolf AA-DH1 50W, 4500mAh, IPX5

Bluetooth 5.1 Speaker Blitzwolf AA-DH1

Enjoy amazing sound quality and unique visual effects! The Blitzwolf AA-DH1 speaker stands out with a power output of up to 50 watts and allows for 10 hours of playback. It features color backlighting with 8 lighting modes that you can easily adjust to your liking. It allows you to connect in several ways, including Bluetooth 5.1 or an AUX cable. It is IPX5 waterproof, and its extremely lightweight design makes it easy to transport.

Spectacular visual effects

Check out how the light dances to the rhythm of your favorite tunes! The Blitzwolf AA-DH1 speaker is equipped with colorful RGB backlighting for amazing effects. You can easily adjust the backlighting to your preferences by choosing from 8 available modes. You will surely impress all your friends during the party.

Impressive sound quality

The speaker offers 50 watts of power for crystal clear sound. All you have to do is press the right button to enjoy powerful bass, rich details and crisp tones. Pair two speakers together for even better sound effects.

Various ways to connect

Connect the speaker however you want. The device supports Bluetooth 5.1 technology with a range of up to 10 meters, so you can pair it with your smartphone and play music from it conveniently. It also has an AUX port, USB-C and a TF card slot. You can also connect a flash drive to it.

Up to 10 hours of music playback

You don't have to worry that the speaker will suddenly stop working during a house party. The device is equipped with a 4,500 mAh battery, which allows up to 10 hours of music playback. In standby mode it lasts for up to 30 days! It won't take you long to charge the speaker - 4 hours is enough for it to be ready to work again.

Take it wherever you want

The speaker is distinguished by its lightweight, portable design - it weighs only about 2 kg. This allows you to carry it with you at all times. It is also characterized by IPX5 water resistance - it will be perfect, for example, during a barbecue in the backyard or a meeting on the beach. Model AA-DH1 has a special handle, to which you can easily attach the included shoulder strap. Transporting the speaker will also make it easier for you with a comfortable handle.
