

Wireless keyboard + mouse set MOFII Bean 2.4G (Pink)

Ref: 6950125750189

Wireless keyboard + mouse set MOFII Bean 2.4G (Pink)

MOFII Bean 2.4G Wireless Keyboard + Mouse Set (Pink)

Make your computer work easier. The MOFII Bean wireless mouse and keyboard will give you the fluidity and convenience you dream of. They stand out for their ergonomic design, long working time and compact size - they won't take up much space on your desk, and transporting them won't be a problem. Now you can comfortably write or play games wherever you want! The devices connect to your computer in the 2.4G band.

Practical keyboard

The keyboard included in the set is equipped with 68 keys that provide extremely smooth operation and reduced response time. It also features a compact design, so it doesn't take up too much space. What's more, if need be, you can easily fit it in your bag and take it with you to the library, university or coffee shop. The keyboard is also very convenient to use.

Universal mouse

You will also find a small computer mouse, which will provide you with unparalleled comfort of use, speed and precision. Its resolution is 1200DPI, which means that it is perfect not only for work or ordinary Internet use, but also for playing games. In addition, the device fits

perfectly in the hand and does not slip out of it. Don't be afraid of wrist pain or fatigue!

Reliable wireless connection

The mouse and keyboard connect to the computer in the 2.4G band - you will find a small USB receiver in the set. The solution used ensures stable and reliable transmission - forget about delays and interference! However, this is not the end of conveniences. Inside the mouse there is a small compartment that allows you to conveniently store the receiver when you do not need it. This way you will avoid losing it!

Long working time

The included devices are also distinguished by their long working time. You only need one AA battery to power the mouse, and two AAA batteries to power the keyboard. Don't be afraid of having to replace them frequently! What's more, if you don't use the mouse for a while, it will automatically go into sleep mode to save power.

Thoughtful design

Both the mouse and keyboard are distinguished by their ergonomic design, which allows you to enjoy unparalleled comfort in use. Both devices also feature a stylish, modern design that is sure to appeal to many users. Eye-pleasing colors make them a fantastic decoration for your desk!
