

Backpack PGYTECH OneGo Air 20L (Obsidian Black)

Backpack PGYTECH OneGo Air 20L (Obsidian Black)

Ref: 6970801338845

PGYTECH OneGo Air 20L Photo Backpack (Black)

The OneGo Air is perfect not only for photo shoots, but also for trips or work. It features a 20L capacity and is equipped with a number of compartments and pockets to organize the equipment and accessories you need. The product will also accommodate a laptop and tablet. In addition, the manufacture of high-quality materials ensures durability and protects against damage.

Capacious

You can fit everything you need in the PGYTECH OneGo Air backpack. Its capacity is 20 liters, so you can successfully store your camera equipment, laptop, tablet, drone and its control camera or spare batteries. In addition, it is equipped with pockets for a tripod, water bottle and documents. You'll also find compartments to organize the backpack's space and keep it tidy.

Quick and convenient access to packed items

The OneGo Air gives you instant access to your packed items. You can completely open the front of the backpack, giving you access to all of its contents. In addition, the side zipper will allow you to quickly open the backpack and remove your camera - no need to worry about losing the perfect shot.

Lightweight and ergonomic

Take the OneGo Air with you on a long trip and enjoy the comfort of use. The backpack weighs just 1.3 kg, so you don't have to worry about feeling tired or uncomfortable. What's more, the EVA components reduce pressure on your back and increase comfort. In addition, the wide straps work perfectly with most camera mounts. You'll also find an additional front strap included.

Rugged construction

The OneGo Air is designed to serve you for as long as possible. The PU plastic finish provides protection against water and scratches, so you can use it no matter what the conditions. Besides, additional straps allow you to attach it to your suitcase for added convenience during transport. Leak-proof YKK zippers protect the gear inside from flooding, and you can open or close the top compartment in no time.
