Powerbank Baseus Bipow 10000mAh, 20W (white)

Ref: 6932172618315

Baseus Bipow powerbank

Do you care about being able to quickly charge your devices almost anywhere in the world? Try the Baseus Bipow powerbank with a capacity of 10,000 mAh! You can connect several devices to it at the same time and not worry about their safety - the complex protection system effectively prevents damage to them. The built-in LED screen makes it easy to operate the product, and the compact size, light weight and compliance with international air transport standards allow you to take it with you almost anywhere.

Fast charging for your devices

The powerbank supports several fast charging protocols. It is compatible with FCP, QC and AFC, among others. It is therefore perfect for powering Huawei, Xiaomi or Samsung smartphones. It also allows, for example, fast charging of the iPhone 12 with 20 watts of power - it will only take about 30 minutes to restore 50% of its energy! So your devices can be up and running again in no time. And what about the powerbank itself? It only takes 6-7 hours to fully charge it at 18 watts.

Connect several devices at once

The device is equipped with several outlets, so you can connect more than one device to it at the same time. The product offers 2 USB-A ports and a USB-C port. What does this mean in practice? With the powerbank, you can, for example, power your tablet and 2 smartphones at the same time - no more waiting for the first device to be charged before connecting the next one!

Don't worry about safety

High-quality polymer-ion battery guarantees not only fast, but also safe charging. Baseus offers protection against overvoltage, overcurrent, overcharging and short circuit, among others. The powerbank is also equipped with NTC temperature sensors to prevent overheating. The product intelligently detects connected devices and adjusts the charging current to them, protecting them from damage.

Designed for your convenience

Keeping the powerbank in perfect condition will not even cause you the slightest problem. Its casing is distinguished by a pleasant-to-touch texture, which is resistant to sweat and fingerprints - you will easily keep it clean. Thanks to it, you can comfortably use the device also in the summer. The product is equipped with an easy-to-read LED screen, which displays the current battery level in real time.

A dream travel companion

Make yourself a reliable power source that can accompany you almost anywhere. The Baseus powerbank is lightweight and handy - its transportation will not cause you any problem. You can even bring this practical device on board a plane - it meets all the necessary requirements. Baseus gives you the opportunity to conveniently charge your devices wherever you need.

You will use it in a myriad of ways

Powerbank does not have to be used only for charging your phone! The Baseus brand device is suitable for many different uses. Are you anxious for a bit of cooling on a hot summer day? Plug in your portable fan and enjoy a pleasant breeze! There's been a power outage, your laptop is about to discharge, and you need to finish an important project? Powerbank comes to the rescue! Its long working time and portable design are sure to meet your expectations.
