

Electric Screwdriver Set Hoto QWLS011, 25 in 1

Electric Screwdriver Set Hoto QWLS011, 25 in 1

Ref: 6974370801052

HOTO QWLS011 electric precision screwdriver + set of 25 bits

Drive screws quickly and conveniently with the push of a button. The HOTO QWLS011 electric precision screwdriver is equipped with an electric motor for efficient operation. LED backlighting makes it easy to use in dimly lit areas, and the set comes with 25 bits for various applications.

Convenient storage

The screwdriver and bits are housed in a rectangular case, distinguished by its minimalist design. Thanks to the built-in magnets, you can conveniently store them in one place without worrying about losing any of the items in the set. In addition, the case is easy to open and close.

25 bits in the set

In the package you will find 25 bits and an extension rod, which will prove useful in various situations. Moreover, the use of high-grade steel ensures their durability and strength. The package includes, among others, flat, Phillips, triangular, Y-shaped and Pozidriv bits. With their help you will repair, for example, digital cameras, smartphones, small toys or game pads.

Durable battery

The electric precision screwdriver is equipped with a lithium-ion battery with a capacity of 1500 mAh, so you can screw in about 800 screws on a single charge. What's more, it has passed a number of safety tests, and offers stable and efficient operation. In addition, the device has a USB-C port, and it takes about 150 minutes to charge.

Simple operation

The device has 2 buttons that you can use to screw in and out of screws. Moreover, the product is equipped with a smart chip that controls the torque levels. The first level will be suitable when repairing a speaker or computer, the second will enable you to screw down a shelf, and the third will prove useful when DIY. In addition, an emergency stop function ensures safe use.

LED backlighting

This is not the end of the advantages of the HOTO QWLSD011. The device offers LED backlighting, so you can tinker even in dimly lit conditions. What's more, the product will automatically turn off after 10 seconds of non-use to save energy.

Included

precision screwdriver

case

25x bits (flat SL4/SL6, Phillips PH1 / PH2 / PH3, Allen H2 / H2.5 / H3 / H4 / H5 / H6, Torx T9 / T10 / T15 / T20 / T25, Pozidriv PZ1 / PZ2, square S1 / S2, triangular 2.3, wrench 2.6, Tri-Wing TW1, C6.3x50 mm PH2, extension rod 60 mm)
