

Robot vacuum cleaner Midea M6

Robot vacuum cleaner Midea M6

Ref: 6956079716363

Midea M6 cleaning robot

Take care of something pleasant and let the Midea M6 robot clean the floors in your home for you! The device stands out with a suction power of 2000Pa and is equipped with a V-shaped brush and two side brushes, so it can perfectly handle dirt. It uses advanced LDS navigation and provides a running time of up to 180 minutes. It also has a specially designed 2-in-1 water and dust container that allows it to not only vacuum, but also mop floors. The robot is compatible with Google Assistant and Amazon Alexa voice assistants, and you can also control it via an app.

Advanced navigation system

The Midea M6 cleaning robot will find its way around your home perfectly. It supports an advanced LDS navigation system, thanks to which it intelligently scans rooms, creates precise maps of them and plans cleaning routes to thoroughly clean all surfaces in the shortest possible time. What's more, the device detects obstacles and easily avoids them. Don't be afraid that it will collide with something! The robot can also memorize even several floor maps.

Efficient cleaning

Have confidence that your floor will shine clean. The M6 robot moves back and forth along a zigzag-shaped route, so it thoroughly cleans the entire surface - don't worry about skipping something! The device is also equipped with a specially designed 2-in-1 container, which

includes a 600 ml dust tank and a 250ml water tank. It also has a built-in HEPA E10 filter. All this means that the robot can effectively vacuum and mop the floor at the same time!

Your helper in the fight against dirt

Win the battle against dirt. The M6 cleaning robot is equipped with a powerful BLDC motor and provides a suction force of up to 2,000Pa. It also received two side brushes and a specially designed V-shaped main brush. As a result, it eliminates dust, crumbs and even hair with ease! It can also handle hair, which means it will be useful for pet guardians. What's more, there are several vacuuming modes at your disposal. The robot can also automatically increase the suction power on carpets to even better remove dirt hidden in their fibers.

Deals with stains

Enjoy clean, shiny floors. The Midea M6 cleaning robot offers a mopping function and allows you to choose from 4 water levels, so you can adjust its work to your needs and the degree of dirtiness of the surface. It will easily cope even with extremely stubborn stains! The device will work perfectly on different types of floors - from tiles to panels. Find out that cleaning doesn't have to require much effort at all!

Efficient battery

Midea M6 will also surprise you with a long working time. The robot is equipped with a durable battery, whose capacity is 3350mAh. Thanks to this, it can continuously clean for up to 180 minutes! This means that it will perform fantastically in both smaller apartments and large houses. What's more, when the battery is about to run down, the device will automatically return to the charging station to recharge.

Nothing will stand in its way

What else makes the M6 robot able to move freely yet safely around the premises? The device is equipped with a number of smart sensors, so it is in no danger of colliding with furniture or falling down stairs. It can also thoroughly clean in corners and along edges. In addition, it easily overcomes obstacles up to 2cm high - it can easily handle thresholds and carpets. You don't have to constantly walk behind it and watch it!

Even more convenient operation

Do you care about additional capabilities? Try the free MSmartHome app! Using it, you can, among other things, adjust the water level and suction power, set a work schedule or select the area to be cleaned by the robot. Don't want the device to have access to a certain room, such as a child's room? Create a virtual wall or a forbidden zone! The robot is also compatible with Google Assistant and Amazon Alexa, allowing you to control it using voice commands - you don't even have to move from your seat!
