Speaker Tribit Stormbox Blast BTS52 Wireless Bluetooth

Tribit Stormbox Blast BTS52 Bluetooth wireless speaker.

Tribit Stormbox Blast BTS53 is perfect for parties or gatherings with family or friends. It is equipped with a long-lasting rechargeable battery that allows for about 30 h of operation. What's more, it connects to a compatible device via Bluetooth 5.3 and has an AUX port. It can also act as a powerbank. It offers detail-rich and bass-toned sound, and is also water resistant. In addition, colorful LED backlighting gives it an original look, and a dedicated app will allow you to customize the sound.

Water resistant

Party by the pool? Take the Tribit speaker with you. The device is IPX7 water resistant, allowing you to use it without worrying about damage. In addition, it can be safely submerged for about 30 minutes to a depth of 1 meter.

High quality sound

The Tribit speaker offers 90 watts of power and delivers high-end, detailed sound. What's more, the advanced X-Bass technology provides deep bass, so you can enjoy crystal clear sound even at high volume levels. In addition, the Tribit app allows you to customize the unit's operation, offering such modes as Xbass, Audiobook and Music.

Long operating time

Another advantage of the speaker is its long operating time. The device is equipped with a 6600 mAh battery, which translates into about 30 h of playback. What's more, a charging cable is included to renew the device's energy. After about 4.5 h it will be ready to work again.

Additional capabilities

The product connects to a compatible device via Bluetooth 5.3, providing a fast and stable connection. What's more, you can pair 2 speakers with each other, for great stereo sound quality. In addition to this, the Tribit BTS52 also acts as a powerbank, just plug in the device of your choice.
