

### Wall charger XO L59, 1x USB, 18W, Quick Charge 3.0 (white)

Ref: 6920680870035

Wall charger XO L59, 1x USB, 18W, Quick Charge 3.0 (white)

XO L59 mains charger, 1x USB, 18W, Quick Charge 3.0 (white)

Now you can charge your devices in no time. The XO L59 charger supports QC3.0 fast charging and stands out with up to 18W of power. It is equipped with a USB port and has a built-in light indicator that will provide you with information about its operation status. The device also ensures safe use and features a handy design.

#### Fast charging

The L59 will allow you to charge your devices much faster than ordinary chargers. Its output power reaches 18W, and the supported current parameters are, for example, 5V / 3A, 9V / 2A or 12V / 1.5A. The product also supports the QC3.0 standard. All this means that you can charge your chosen equipment in no time!

#### Total safety

The charger guarantees not only fast, but also completely safe charging. It is effectively protected against short circuit, overvoltage, overcurrent and overheating, among other things. In addition, its housing is made of durable, flame-retardant plastic. The L59 also has a built-in light indicator that will notify you of the charging status.

#### Always on hand

Storage and possible transportation of the charger will also not cause you any problems. The device is extremely handy and lightweight - it weighs only about 47g. So you can always have it with you - for example, on a train, on a trip or in a dormitory. It will not take up much space in your bag or backpack!
