

Orico Adapter Hub 4w1 Orico 4x USB 3.0

Orico Adapter Hub 4w1 Orico 4x USB 3.0

Ref: 6954301109709

Orico 4-in-1 4x USB Hub Adapter

Increase the capabilities of your computer. Orico's adapter offers up to 4 USB ports so you can connect up to 4 different devices. The product also allows you to transfer files at speeds of up to 480Mbps or 5Gbps. It also stands out for its wide compatibility and robust, durable design. What's more, the use of high-quality aluminum alloy guarantees efficient heat dissipation.

Improved design

Bet on the highest quality workmanship. The adapter was created from high-quality materials, so it is not only durable, but also very pleasant to the touch. At the same time, it presents itself really well. It is also characterized by effective heat dissipation, which translates into its stable, efficient operation - don't be afraid that it will overheat. The device is also extremely handy - you can always have it with you.

Fast file transfer

You no longer have to wait too long until the files you need are on the device of your choice. The hub is equipped with 3 USB 2.0 ports, which provide transmission speeds of up to 480Mbps. You also have one USB 3.0 port at your disposal, which guarantees transfer speeds of up to 5Gbps! Now you can transfer your photos, videos, documents and music files in no time.

4 available ports

Your laptop or computer doesn't have enough ports? Orico adapter will allow you to increase its capabilities! The hub offers up to 4 USB ports, so you can connect 4 devices to it at the same time. The product is compatible with such equipment as, for example, computer mice, keyboards, printers, USB drives, card readers and even desktop fans. The possibilities are truly vast!

Reliable performance

Bet on the highest quality and enjoy smooth, reliable operation. The Orico hub is equipped with an advanced IC chip that guarantees fast transmission and stable connection in almost any situation. No more delays and stuttering of equipment! Make your work easier and enjoy greater efficiency.

Wide compatibility

Forget about compatibility problems. The Orico Hub works seamlessly with Windows and Mac OS - you don't even have to waste time installing additional drivers! For example, you can also use the device to connect a USB drive, mouse and keyboard to your smartphone or tablet. This will make your work even easier! Note: your smartphone or tablet must support the OTG function.
