Adapter / Hub Orico USB-C to 1xUSB 3.1, 2xUSB 2.0, 5Gbps, for laptop (gray)

Ref: 6936761858946

Adapter / Hub Orico USB-C to 1xUSB 3.1, 2xUSB 2.0, 5Gbps, for laptops (szary)

Your laptop or computer doesn't have enough ports? Orico adapter will help you solve similar problems! Just plug it into a USB-C port and you'll gain up to 3 USB ports. The device allows you to transfer files at speeds of up to 5Gbps and is distinguished by its robust yet compact design - you can carry it with you at all times. A durable aluminum alloy is used in its construction.

Connect up to 3 devices simultaneously

Get more capabilities and increase the functionality of your laptop. The Orico adapter is equipped with 3 USB ports, so you can connect as many as 3 devices to it at the same time. The product is compatible with a wide variety of hardware, including computer mice, keyboards, USB drives, printers, card readers and tablets.

Compatible

This practical adapter is perfect for a variety of applications. It is compatible with most popular devices such as laptops and computers. You will also successfully use it in conjunction with a tablet - with its help you can easily connect a mouse and keyboard, for example, to facilitate your work. What's more, the specially designed connector perfectly fits USB-C interfaces.

Top quality workmanship

The Orico adapter is also distinguished by its carefully considered, durable design. High-quality aluminum alloy was used in its construction, which translates into its impressive durability and effective heat dissipation. As a result, you can enjoy its stable, efficient operation. What's more, the hub is extremely light and handy, so it can accompany you almost anywhere. It will easily fit in your purse or backpack!

Transfer files in a short time

The hub will allow you to transfer files between devices in a short time. It offers transmission speeds of up to 5Gbps. This means that to copy 1GB of data with its help, it takes only about 3 seconds! No longer do you have to wait too long until all the photos or videos you need are at their destination.

Reliable operation

Don't let unexpected equipment malfunctions prevent you from working. The Orico adapter uses an advanced IC chip, so it can provide stable operation and fast connection, even when you connect more devices to it. Thanks to this, delays, stuttering, insufficient signal quality and other problems will remain only an unpleasant memory!
