Electric Clipper Limural K11S (silver)

Limural K11S electric hair clippers (silver)

Take care of your appearance without booking expensive visits to the barber and hairdresser. Limural K11S electric hair clipper performs many functions, meeting the needs of the whole family. With its help you can cut your hair and shorten your beard. Due to its quiet operation and safe blades, the razor is also great for children and teenagers. The device attracts attention with its modern design, which uses stainless steel construction.

Effective and painless clipping

The razor's sharp and durable blades ensure effective hair removal without pulling or causing irritation. With its help you can easily get rid of both short and long hair, regardless of its thickness and type. The K11S is suitable not only for creating a scalp hairstyle, but also for styling a mustache, beard or sideburns. It's safe, quiet and removes hair painlessly, so it's also suitable for children's haircuts.

Ergonomic and easy to use

The Limural K11S is equipped with an LED screen that indicates the current battery level or the need for oiling. It has an ergonomic shape, so it fits well in the hand. Working with the razor is pleasant and, importantly, even a novice user can handle it.

Cordless operation for a long time

The Limural K11S electric clippers allow cordless operation. This is a great solution for people who cut their own hair. The device works for as much as 5 hours on a single charge, and a convenient battery replenishment is made possible by the included cable. So you can charge the razor with a powerbank or computer. Note: The kit does not include an adapter.

Everything you need

The Limural K11S electric razor comes with accessories that will comprehensively take care of your good looks. Deciding on the K11S, you gain a cape, blade oil, comb, cleaning brush and USB cable. The kit also includes 6 comb attachments (3/6/10/13/16/19 mm) for different hair lengths. The blade length can be adjusted from 0.5 mm to 1.7 mm.
