

Computer Fan ARGB Darkflash S100 (120x120) black

Computer Fan ARGB Darkflash S100 (120x120) black

Ref: 4710343793236

Darkflash S100 computer fan (black)

Take care of efficient cooling of your computer and be sure that it will meet any challenge. The Darkflash S100 fan is equipped with 5 blades and guarantees efficient yet quiet operation. It is also distinguished by its long service life - don't be afraid of having to replace it quickly. The product also supports intelligent PWM control.

Effective cooling

Play dynamic games or use demanding software without worries. With Darkflash, you don't have to worry about your computer overheating! The S100 fan is equipped with 5 blades with a smooth surface, which guarantee better air circulation and thus effective cooling. What's more, the top-quality FDB Hydro Bearing features a lifespan of up to 100,000 hours.

Quiet operation

Despite its impressive performance, the fan works surprisingly quietly. The device is equipped with up to 8 rubber pads that absorb shocks and thus reduce resonance. As a result, you don't have to worry about annoying noise. The maximum volume level of the S100 model is about 25.7dBA - with Darkflash you work or play in peace!

Thoughtful design - simple installation

The fan is equipped with a robust housing, which translates into its durability and resistance to wear and tear. The device is also very simple to install - you won't have much trouble with it. In addition, thanks to the support for PWM, the S100 model can automatically adjust its performance according to temperature changes.

Brand
Darkflash
Model
S100
Color
Black
Size
120 x 120 x 25mm
Connector
4 Pin
Speed
600 (± 200) - 1800 ($\pm 10\%$) RPM
Maximum noise level
25.7dBA
Airflow
76CFM
Current intensity
Approx. 120mA
Lifetime
Approx. 100,000h
Bearing type
FDB Hydro Bearing
