Great sound, convenient charging

The Mcdodo adapter is equipped with a HiFi chip, which provides crystal clear, richly detailed sound without distortion. What's more, it supports 2.4A fast charging, so you'll renew your device's power in no time. Now you can listen to music, talk on the phone or play games and charge your device at the same time.

Thoughtful design

Operating the adapter will not cause you any problems. After connecting your headphones to it, you can conveniently control your music player from the remote control integrated into the cable. The device works with Android and iOS and automatically connects to your device, without a pop-up window. In addition, the product's lightweight and compact design makes it easy to transport and store.
