USB-C to USB-C cable Mcdodo CA-7641, PD 60W, 1.2m (black)

Ref: 6921002676410

Mcdodo CA-7641 USB-C to USB-C cable, PD 60W, 1.2m (black)
 Instantly charge your devices and transfer data with the Mcdodo cable. The 1.2m product is equipped with 2 USB-C connectors and supports fast charging protocols. It will allow you to charge compatible devices with a maximum current of 3 A and a power of up to 60 W. What's more, it's extremely sturdy and resistant to damage and signs of use.

Wide compatibility and fast charging
 Forget about the long wait until your devices are charged and ready for use. The Mcdodo cable supports PD, QC 4.0/3.0 protocols, allowing you to quickly charge devices with USB-C ports, such as smartphones, tablets, laptops and Nintendo Switch gaming consoles.

High efficiency
 With the Mcdodo cable, 60 minutes is enough to fully charge a Samsung Note 10. If you use a 30W USB charger, fast charging protocols for the Samsung Note10 and Note10+5G will be supported. 2.5 hours is the time it takes to fully charge a Macbook with up to 3 amps and 60 watts of power. USB 2.0 data transfer allows you to transfer a 1 GB video in just 30 seconds.
