

Car Charger Mcdodo CC-7030, USB + USB-C, with Display, 45W (

Ref: 6921002670302

Car Charger Mcdodo CC-7030, USB + USB-C, with Display, 45W (Black)

Mcdodo CC-7030 car charger, USB + USB-C, with display, 45W (black)

Travel with the Mcdodo car charger! The product offers up to 2 ports (such as USB and USB-C), making it widely compatible with most devices. It supports multiple fast charging protocols and stands out with a power output of up to 45 watts. It will be perfect for various car models. The CC-7030 provides multi-level protection and features an LED display.

Fast charging technology

Instantly charge up to 2 devices simultaneously. The Mcdodo car charger is equipped with USB and USB-C ports and supports fast charging protocols such as AFC / FCP / SCP / QC3.0 / PD3.0. The USB-C port supports PD3.0 technology, so 15 minutes is enough for the battery charge level to reach up to 30%. The USB-A port, on the other hand, supports the Huawei Super Charge protocol, so that (if you use the Mcdodo 5A cable with the charger), the power reaches up to 22.5 watts. With the CC-7030, you'll forget what waiting is!

Thoughtful design

The Mcdodo car charger is distinguished by its LED display, which shows the voltage value in real time. Thanks to the fact that the product is equipped with USB and USB-C ports, it is widely versatile. You can charge not only smartphones, but also laptops. What's more, the CC-7030 is compatible with all car models.

Safety of use

The use of the Mcdodo product is completely safe. The charger provides protection against overvoltage, overcurrent, short circuit and overheating, among other things. Its shell is made of high-grade materials, such as aluminum alloys, so it efficiently distributes heat. Charge the devices you need without worrying about damaging them!
