

In-ear wired headphones Mcdodo HP-6070 (white)

In-ear wired headphones Mcdodo HP-6070 (white)

Ref: 6921002660709

Mcdodo HP-6070 in-ear, wired headphones (white)

The high-quality Mcdodo HP-6070 headphones will make your music listening experience even better than before. The richly detailed sound and ergonomic design with a remote control integrated into the cable will allow comfortable use wherever you are.

Precise design

The well-thought-out design of the headphones, which includes 14-millimeter drivers or an element that mutes ambient noise, means you can enjoy high quality sound. The headphones do not lose sound quality, preserving the original details from the songs you are listening to.

Comfortable to use

Thanks to its design, the HP-6070 headphones fit snugly around your ears, so you can say goodbye to the problem of headphones falling out. With the help of the panel that is located on the cable, you can easily stop or turn on the music, as well as adjust the volume.

High quality workmanship

Made of high-quality oxygen-free copper and TPE, the cable is flexible and resistant to stretching. In addition, the reinforced headphone joints to prevent damage are sure to extend the life of your headphones.

Tailored to your needs

The headphones have a type-C input, making them compatible with most models of phones and tablets from well-known manufacturers. You can successfully connect them to Xiaomi 8, Huawei Mate 10 Pro or Oppo Find X.
