Ref: 6921002699709

Micro USB to USB-C adapter, Mcdodo OT-9970 (black)

Micro USB to USB-C adapter, Mcdodo OT-9970 (black)

Now you can charge your phone in no time with a micro USB cable. The USB-C / micro USB adapter from Mcdodo offers a charging current of up to 3A and allows you to transfer files at speeds of up to 480Mbps. At the same time, the accessory is extremely light and compact, yet durable - it will serve you well for a long time.

Faster charging

Don't have your phone cable with you? Want to charge your smartphone using a micro USB cable? Now it's possible! The Mcdodo adapter supports a charging current of up to 3A and supports QC and AFC standards, so you can renew your device's energy in no time. No more prolonged waiting until it's ready to work again!

Convenient file transfer

The adapter allows you to charge your device and transfer files at the same time. It provides transmission speeds of about 480Mbps, which means you don't need much time to copy all the files you need. Photos, videos, documents - with Mcdodo you will transfer them between devices in no time!

Improved design

The highest quality materials were used to make the adapter, which translates into its durability. The product is also lightweight and compact enough that you can always have it at hand. It will easily fit in your backpack, purse or even pocket! What's more, when charging, the adapter intelligently adjusts the amperage to the requirements of the connected device to protect its battery from damage.
