Case B&W type 4000 for DJI Avata (yellow)

Ref: 4031541751317

B&W Type 4000 carrying case for DJI Avata (yellow)

Take care of the safety of your drone, as well as all its equipment, and store your gear in a specially designed case from B&W. The product is equipped with a foam insert, so that your property will not be scratched. The well-thought-out design allows for convenient space management. The case is compatible with DJI Avata, DJI Avata Smart Combo and DJI Avata Pro-View models. The product ensures safe transportation, waterproof and dustproof at IP67 level. The dimensions of the 4000 model are 420 x 325 x 180 mm.

Safe and convenient transportation

If you are a DJI Avata drone user and are looking for a suitable case for easy transportation of your equipment, the 4000 model by B&W will certainly meet your expectations. The case is shockproof and damage-proof, so you can transport your valuable equipment in it without worry. What's more, its IP67 waterproof and dustproof rating, as well as its temperature resistance from -30°C to 80°C means that even extreme weather conditions pose no threat to your drone and its components. Thanks to the automatic pressure equalization valve, you can move your equipment using air transport without worry.

Large capacity

The B&W case will make you forget about limitations! The external dimensions of the product are 420 x 325 x 180 mm, the weight is 2.68 kg, and the volume is 16.6 liters. The capacity of the case allows you to conveniently store not only the drone, but also other items

such as batteries. You can transport the Fly More kit without worry. And that's still not all! You can easily situate a wide range of accessories in the case, such as 5 additional drone batteries and 2 additional goggle batteries. The carefully developed snap locks will allow you to open and close the case comfortably.

Additional amenities

Thanks to the rubber handle with which the B&W brand case is equipped, you will comfortably carry your equipment. What's more, two padlock eyes (Ø7.0 mm) increase the security of your property by preventing unwanted access to the case's interior. The foam insert allows for a variety of equipment storage configurations. A document pocket in the lid adds to the convenience.
