

Solar lamp Superfire FF13-C, 22W, 300lm, 2400mAh

Solar lamp Superfire FF13-C, 22W, 300lm, 2400mAh

Ref: 6974760350689

Superfire FF13-C solar lamp

Superfire FF13-C solar lamp is great not only in the garden, but also at the entrance, in the garage or on the balcony. It provides illumination at 300 lm and offers 3 lighting modes. Thanks to its rotating heads, you can easily adjust its position to suit your needs. It also features a sensitive motion sensor and is distinguished by its IP54 water resistance. Its working time reaches up to 12 hours, and a built-in solar panel is responsible for convenient charging.

Created for your convenience

Are you worried that the lamp will be damaged during harsh weather conditions? Don't be! The device is made of more than durable materials, which are characterized by resistance to changeable weather conditions, and the IP54 degree of protection means that it will not be intimidated by rain or snow. What's more, you can freely adjust the angle of the individual heads.

Take advantage of free solar energy

Use publicly available solar energy and say goodbye to high electricity bills. The lamp is equipped with a 2400 mAh battery, so you don't have to worry about frequent charging - it provides up to 12 hours of operation. In addition, the device has a built-in polysilicon solar panel, with the help of which you will charge the lamp in just about 6 hours.

Manufacturer

Superfire

Model

FF13-C

Power

22 W

Brightness level

300 lm

Battery capacity

2400 mAh/3.7V (18650 x 2)

Operating time

up to 12 hours

Charging time

up to 6 hours

Waterproof

IP54

Solar panel

6V/1.6W

Working temperature

from -10°C~40°C

Dimensions

260 x 100 x 140 mm

Material

ABS

Weight

approximately 430 g

Price:

€ 19.00
