

## Car charger Romoss AT24D, 2x USB, 24W (silver)

Ref: 6973693496105

Car charger Romoss AT24D, 2x USB, 24W (silver)

Romoss AT24D 24W car charger (silver).

Have confidence that your devices are always charged. The AT24D car charger provides a maximum amperage of 4.8 and allows fast charging with a maximum power of 24 watts. It features 2 USB-A ports, so you can successfully charge multiple devices simultaneously. It works with input current in the range of 12-24V. Also noteworthy is its wide compatibility.

Charging with 24W power

Get ready for a long car trip. The car charger offers charging with up to 24W and 4.8A of power. Now it only takes a few moments for your phone or tablet to be ready for use again.

2 output ports

Conveniently charge 2 pieces of equipment at the same time. The Romoss charger features two USB-A output ports. This allows both you and your passenger to connect your smartphone for charging. No longer does anyone have to wait indefinitely for their turn!

No worries about compatibility

Say goodbye to compatibility problems. The device is compatible with most vehicles that are equipped with a cigarette lighter socket. You can also charge a variety of popular devices with it without any problems. It will be great for charging your smartphone, wireless

headphones or smartwatch.
