USB to USB-C cable Romoss CB308 3A, 1m (white)

With the Romoss CB308 USB to USB-C cable, you can not only quickly charge your devices, but also transfer files. The product offers a current of up to 3A and a transmission speed of 480Mbps. The accessory is also extremely durable and resistant to damage.

Save time

Forget about the long wait until your devices are ready to work again. The Romoss cable supports QC 3.0 / 2.0, AFC and FCP standards, and provides up to 3A, which translates into fantastic performance. What's more, with the help of the accessory you will charge your equipment not only quickly, but also safely - without the risk of damaging it.

Durable design

Stock up on a cable that will serve you well for years to come. The CB308 is distinguished by its resistance to wear and bending, and the durable PVC jacket provides protection against damage and prevents tangling. In addition, the high-quality copper cable guarantees stable, reliable operation of the accessory.

Wide compatibility

Now you can conveniently charge most of your equipment. The CB308 cable is compatible with many devices equipped with a USB-C

port. For example, it will be perfect for Xiaomi, Samsung, Sony or Huawei smartphones. You can also connect your Nintendo Switch console to it.

Fast file transfer

Using the cable, you will not only charge your devices in a short time, but also transfer the files you need. The product allows you to enjoy transmission speeds of up to 480Mbps. This means that it will only take you a few moments to get your selected photos, videos, music or documents to their destination!
