

USB cable for Lightning Romoss CB12B 2.4A 1m (black)

Ref: 6973693493975

USB cable for Lightning Romoss CB12B 2.4A 1m (black)

Romoss CB12B 2.4A 1m USB to Lightning cable (black)

Enjoy even faster charging for your Lightning-enabled devices. The Romoss CB12B cable provides up to 2.4A of current, so you won't have to wait too long until your equipment is ready to work again. The accessory also allows you to transfer files at speeds of up to 480Mbps. At the same time, it is extremely durable.

Much faster charging

Is your iPhone close to discharging and you have to leave the house soon? With the Romoss cable this is no longer a problem - the accessory allows you to charge your device with up to 2.4A. This means that with its help you will charge your chosen equipment in just a few moments!

Improved design

The cable was created with high-quality materials, so it is very durable and looks really good. Nylon braid and aluminum alloy elements ensure that it is resistant to damage and wear - even bending or pulling won't scare it. What's more, the product is compatible with most devices equipped with a Lightning port.

Instant file transfer

Do you often transfer files between devices? Do you take a lot of photos with your iPhone and then copy them to your computer? The CB12B cable will certainly come in handy for you! The accessory provides transmission speeds of up to 480Mbps. So you can transfer all the images, videos or documents you need in no time.
