

Dashboard car holder XO C100 for phone/navigation (black)

Ref: 6920680829743

Dashboard car holder XO C100 for phone/navigation (black)

XO C100 dashboard phone/navigation car mount (black)

Provide unparalleled comfort while driving your car. The XO car mount holds your smartphone stably and is extremely convenient to use. It allows you to position your phone both horizontally and vertically. You can easily mount it on the dashboard, thanks to the PU adhesive mount. It is also compatible with devices with a maximum diagonal of up to 12".

Use as you like

Conveniently use navigation or take a phone call while traveling in the car. The mount allows you to position your smartphone vertically as well as horizontally - its maximum height is as high as 21 cm. Mounting the gripper will not cause you any problem. All you need to do is stick it to the dashboard in your car.

Wide compatibility

The product is compatible with a range of devices with a maximum diagonal of 12". It will work well for holding a smartphone and navigation, as well as a tablet. The holder stably holds the device, even on bumpy roads.
