

Phone adhesive mount PGYTECH

Phone adhesive mount PGYTECH

Ref: 6970801338937

PGYTECH self-adhesive phone holder

The PGYTECH P-PG-003 holder will allow you to attach your phone to your car dashboard or other flat surface. It uses a durable, waterproof 3M self-adhesive sticker that guarantees a stable, secure hold. Thanks to its 2 ball joints, you can freely adjust its position and position your phone both horizontally and vertically. The accessory is also extremely durable - it will serve you well for a long time.

Multiple uses

Thanks to the convenient self-adhesive sticker, you can stably attach the holder to your car dashboard, shelf or desk. This way you can conveniently use navigation or talk on the phone. The accessory will also make it easier for you to operate your music player. What's more, the sticker is extremely durable and waterproof.

Adjustability

Adjust the position of your phone to suit your needs. The mount is equipped with 2 ball joints, so you can freely rotate and tilt it. Adjust it to comfortably use navigation or operate the music player - now you have your smartphone always within reach. With PGYTECH you don't have to limit yourself!

Exceptional stability

The P-PG-002 mount is extremely stable - don't worry that the phone placed in it will wobble or fall and be damaged. Even slowing thresholds and bumpy roads are not afraid of it! As many as 4 sturdy elements guarantee a firm grip and easily keep the smartphone in place. Also noteworthy are the anti-slip pads that protect the device from scratches and shocks.

Thoughtful design

This practical accessory is compatible with most smartphone models, with a maximum load capacity of 300g. A durable aluminum alloy and fiberglass-reinforced plastics are used in its construction. The mount is also very simple and convenient to use. What's more, thanks to a special cutout, you can easily charge the phone placed in it.
