

Phone holder PGYTECH with 1/4" and cold shoe

Ref: 6970801339255

Phone holder PGYTECH with 1/4" and cold shoe

PGYTECH phone holder with 1/4 thread and shoe

Increase your convenience when taking photos and videos. PGYTECH phone holder is compatible with smartphones from 60 to 92 mm wide. It is equipped with a universal 1/4" thread, making it widely compatible. The Cold Shoe mount on both sides of the holder allows mounting additional accessories. What's more - the product allows you to adjust by up to 110°, so you can get the recording angle of your dreams.

Many possibilities

The PGYTECH mount is compatible with smartphones from 60 to 92 mm wide. Want to create a recording in portrait mode? Or maybe take a stunning landscape photo? Anything is possible with a PGYTECH product! Freely adjust the tilt angle by up to 110° and achieve your dream results.

Mount practical accessories

The Cold Shoe mount is located on both sides of the mount, so you can freely mount additional accessories, such as a microphone or lighting. Feel like a pro and create high-quality content!

Wide compatibility

PGYTECH's product stands out for its wide compatibility thanks to its universal 1/4" thread. You can use it with smartphones from 60 to 92 mm wide. This way you don't have to buy a new mount if you change your phone.
