

Orico Type-C 6in1 HUB Multifunction Docking Station (silver)

Ref: 6941788814745

Orico Type-C 6in1 HUB Multifunction Docking Station (silver)

Orico 6-in-1 HUB Docking Station Orico USB-C, HDMI, 3xUSB (silver)

The Orico Docking Station is a device that will easily increase the capabilities of your laptop, tablet or smartphone. If you lack extra space to connect the devices you need, this adapter will solve your problems. You gain with it as many as five ports, which you can use simultaneously without losing data transfer speed.

Fast transfer

This little device is extremely powerful. The state-of-the-art USB3.0 port allows you to transfer data at speeds as high as 5 GB/s. In addition, you get two USB2.0 inputs, USB Type-C, as well as an HDMI connector.

Wide application

The HDMI connector allows you to transfer files to larger screens. You can conveniently hook up your device to a TV, monitor or projector, allowing you to enjoy 4K resolution images. In addition, the USB-Typ-C connector with 100 W output power will allow you to charge your devices even faster.

Instant response

Thanks to the stable connectors, you can forget about waiting for a response from your mouse or keyboard. You simply plug your devices

into the ports and use them comfortably. The adapter is compatible with devices with USB Type-C input, and supports Apple-branded M1 and M2 series chips. It is equipped with a Plug&Play mechanism, so it does not require additional drivers and is ready for operation as soon as you plug it in.

Safe use

It is worth mentioning that the station is made of anodized aluminum alloy, which makes it perfectly distribute the generated heat, protecting the equipment from overheating. It is lightweight and handy, so you can take it on any trip.
