

## Flashlight Superfire GTS6, 360lm, USB-C

Flashlight Superfire GTS6, 360lm, USB-C

Ref: 6956362995062

### Superfire GTS6 Flashlight

The handy Superfire GTS6 flashlight features a compact and lightweight design, so you can always have it within reach. The built-in rechargeable battery provides up to 2 hours of operation, and it is waterproof (IP44). It stands out with a power output of 7 watts, and its brightness level is 360lm. It also offers 5 light modes.

### Optimal light source

Be safe after dark. The flashlight provides stable and powerful illumination with a brightness of 360 lm. Its maximum illumination distance is 150m, so it will easily light your way in the dark. The GTS6 model will be great for a variety of situations, such as hiking, camping or an unexpected power outage.

### Tailored to fit any situation

Customize the operation of the Superfire GTS6 flashlight to suit your needs. You can freely choose from 5 available light modes. At your disposal are Strong, Medium, Low, as well as Strobe and SOS modes.

### Lightweight and handy

The practical GTS6 flashlight can accompany you virtually anywhere. It is extremely lightweight and compact, so you can easily fit it into

a backpack or bag. It is also waterproof at IP44 level - it is not intimidated by changing weather conditions, as well as falls of up to 1m. Multi-level protection ensures the safety of use. Among other things, it protects against overcharging, over-discharge or low voltage.

#### Convenient charging

Freely use the flashlight for up to 2 hours. You can easily charge it with the USB-C cable included in the package. You'll be informed of the charging status by a special light indicator, which glows red while charging and blue when the device is ready for use again. The charging itself takes about 2 hours.
