

Telesin Fast charge battery for GoPro Hero 12/11/10/9 GP-FCB

Ref: 6974944460630

Telesin Fast charge battery for GoPro Hero 11/10/9 GP-FCB-B11

Telesin battery (fast charge) for GoPro 9/10/11/12 GP-FCB-B11

Enjoy the long runtime of your sports camera. The Telesin GP-FCB-B11 battery is compatible with the GoPro 9, 10, 11 and 12, and has a capacity of 1750mAh. The product supports fast charging and has been effectively protected against damage. Get more time to record fantastic video footage!

Reliable performance

Do not worry that the battery will refuse to serve you too quickly. The GP-FCB-B11 has been protected against overcharging and over-discharge, among other things. Even if you leave it in the charger for a longer time, it will not be damaged! The battery is also distinguished by its long life.

Fast charging - long working time

Don't let a discharged camera too quickly prevent you from preparing the perfect shot. The Telesin battery is distinguished by its 1750mAh capacity, which ensures long recording time. The product also supports fast charging - it will be ready to work again in no time.

Compatible with your camera

The battery is compatible with GoPro Hero 9, 10, 11 and 12 cameras and works with them without any problems - forget about errors and pop-ups! Enjoy long runtime and fast charging. You can also conveniently swap batteries to record even longer!
