

Wall charger LDNIO A2201 2USB + USB-C cable

Ref: 5905316141674

Wall charger LDNIO A2201 2USB + USB-C cable

LDNIO A2201 2USB network charger + USB-C cable

You no longer need to carry several chargers for your devices! LDNIO A2201 is equipped with two USB ports, so you can charge two devices at the same time. High-quality materials were used in its construction, so you can rest assured about the equipment you are charging. What's more, it's lightweight and small enough to successfully serve you on any trip. You'll also find a USB-C cable included.

Don't waste time waiting

Someone wants to borrow your charger and your phone is running low? Now you can charge two devices simultaneously with one charger. The A2201 features two USB ports that support fast charging protocols, so you'll be topping up two devices at the same time in no time. This task will be made easier for you with the included USB-C cable.

Safe charging

High-quality materials have been used to make the charger, so its use is completely safe. What's more, the built-in ports are equipped with smart sensors that recognize the plugged-in equipment and automatically adjust the appropriate supply of power so you can successfully charge your laptop, phone and other devices, and a number of electrical safety features will ensure their full protection.

Wide compatibility

The A2201 mains charger is distinguished by its standard input power of 100 - 240V, and 2 built-in USB ports allow you to charge multiple devices. The product works with equipment from well-known manufacturers, so you don't have to worry about compatibility.
