Mustache vacuum cleaner with hydrabrasion Blue-ray DOCO BH003

Mustache vacuum with hydrabrasion is a modern device that will help you in the fight against blackheads and whiteheads. The three tips that the equipment is equipped with will help you take care of even hard-to-reach areas, such as the corners of the nose. In addition, you will adjust its operation to your needs, as it has the ability to adjust the suction power. From today you will be able to enjoy professional grooming in your home.

Exceptional power

DOCO's mustache vacuum cleaner is equipped with a special technology that will help you get rid of mustaches or blackheads quickly and easily. In addition, it will provide deep cleansing without damaging your skin. With DOCO, you can enjoy a professional treatment at home.

Blue-ray function

DOCO BH003 vacuum cleaner is equipped with an additional Blue-ray function to further protect your skin. The Blue-ray located at the suction nozzle ensures its disinfection for your comfort. And the one next to the water container will guarantee your safety and protection from contaminants. With DOCO, you'll gain confidence that your device is fully clean, so it will provide you with even better skin care.

Three different tips

The mustache remover is equipped with three different tips to adapt its capabilities to your needs. The first, a straight tip, will be suitable for daily care. The second, a round tip, will be suitable for key areas, while the last, larger and also round tip, will be useful for larger areas. This will make the DOCO vacuum cleaner suitable for many areas of skin care.

Different suction modes

To answer all your needs, the DOCO mustache vacuum is equipped with different suction modes. The smallest, operating at 45 kpa, will be suitable if your skin is sensitive. On the other hand, a power of 55 kpa will work well for oily skin. This one device will work even for the most demanding person.

Benches in use

DOCO's mustache vacuum cleaner is a functional and comfortable-to-use device. You will operate it with one button and one hand. Its cleaning is equally easy. You will easily remove the tips and water containers in one motion. This makes the equipment suitable for everyone.

Excellent battery

The DOCO device is equipped with a large 900 mAh battery, which you can easily charge with a USB-C cable. Moreover, on a single charge, this equipment will last you for 1 to 1.5 months! You also don't have to worry about a sudden power shortage, as the vacuum cleaner will remind you when the battery is low. Enjoy professional equipment in your home today!
