

LDNIO C503Q 2USB Car charger + USB-C Cable

LDNIO C503Q 2USB Car charger + USB-C Cable

LDNIO C503Q 2USB car charger + USB-C cable

Equip yourself with a powerful car charger and instantly replenish the power of various devices while traveling. The LDNIO C503Q offers 2 USB ports and a maximum power level of 36W. It also features a light indicator that lets you know when charging is in progress.

Ref: 5905316142503

High performance

The product features a powerful chip that allows you to quickly charge your devices through PD and QC3.0 protocols. The maximum power level of 36W ensures high efficiency of the charger, allowing you to replenish your devices in no time. High-quality materials were used in the production - zinc alloy, stainless steel and ABS plastic.

Thoughtful design

The C503Q offers 2 USB ports, making it compatible with a wide range of devices. What's more, it uses a number of protections, including short circuit, high temperature, overcharging and overdischarging, excessive voltage or electromagnetic field. You will successfully use it in any vehicle, using 12-24V voltage. It has a built-in light indicator, indicating that the charging process is in progress.
