Wall charger LDNIO A2424C USB, USB-C 20W + USB-C - Lightning Cable

Ref: 5905316144460

LDNIO A2424C USB, USB-C 20W Charger + USB-C - Lightning Cable

LDNIO A2424C charger is equipped with 2 ports (USB and USB-C) and supports such fast charging protocols as PD and QC3.0, so you can charge 2 devices at the same time in no time! The product also stands out with up to 20 watts of power and a lightweight, compact design. It is also equipped with a practical switch. The kit comes with a USB-C/Lighting cable.

Fast charging

You no longer have to wait long for your devices to be ready to serve you again. The charger supports PD 20W and QC3.0 18W fast charging standards. With its help you will charge your iPhone 13 up to 65% in just about 30 minutes! The product also offers Turbo Power Engine technology, which intelligently identifies the connected equipment and adjusts its operation to provide it with the fastest possible charge.

Upgraded design

The device is equipped with a small switch and an advanced safety system that protects it from short circuits, among other things. Fire-resistant PC plastic was used to make the charger, which ensures its exceptional durability and low susceptibility to damage. The product is also effectively protected against overheating - thanks to aluminum and copper components, it efficiently dissipates heat.

Use it wherever you want

If you are looking for a small charger that is suitable for use not only at home, but also, for example, while traveling, the A2424C model will be an excellent choice. The product is extremely lightweight and small enough to easily fit in your bag, suitcase or backpack. It also features 100-240 voltage compatibility, so it allows you to charge your devices abroad without any problems.

2 available ports

With LDNIO A2424C, you have up to 2 charging ports at your disposal - USB and USB-C. So you can conveniently charge 2 devices at the same time, occupying only one outlet! You also don't have to waste time waiting for one device to be ready before plugging in another. The charger is compatible with most smartphones from well-known manufacturers.
