

Nillkin Ring holder for phones (Black)

Nillkin Ring holder for phones (Black)

Ref: 6902048240414

Nillkin ring holder, ring holder for phone (black)

Increase your comfort while using your smartphone. The multifunctional gadget from Nillkin will serve as a holder, ring, magnetic stand and stand, and will allow you to comfortably hold your phone in your hand, while minimizing the risk of dropping your device. The ring rotates 360° and has a maximum load capacity of up to 8 kg. An N52H magnet is built into the product, so you will enjoy a magnetic force of 800g. It is compatible with iPhones and Android-based smartphones.

One gadget - a range of possibilities

Do you need a phone holder? Or would you like a stand, allowing you to comfortably watch videos on your phone, or a magnetic stand? Nillkin product will meet all your needs! The ring rotates 360°, providing you with full freedom and comfort. The product is compatible with iPhones and Android-based smartphones - it can be attached to both the phone and the case. What's more, it will bear a load capacity of up to 8 kg!

Refined design

The Nillkin product is equipped with N52H magnet, thus providing magnetic strength of up to 800g. The gadget will not affect the NFC function support or the wireless charging process (if you use the MagSafe case and when its thickness does not exceed 8 mm). High-quality materials such as PC, PU or zinc alloy were used to make the accessory, so it stands out for its durability and resistance to

traces of use and damage. You can be sure that it will serve you for a long time!
