Power strip with 3 AC outlets, 4x USB, LDNIO SC3412, 2500W (gray)

Get more space with the Ldnio power strip. The strip is equipped with 3 AC outlets and 4 USB ports that support PD3.0 and QC3.0 protocols, so you can charge several devices at once in no time. The power strip is distinguished by a number of safety features, and its output power is 2500 watts, so you can plug in most home appliances and mobile devices without worry.

#### Wide compatibility

You don't have to worry about compatibility - the USB ports support popular fast charging protocols and are compatible with almost any device. If you only have one outlet available, the Ldnio strip will offer you as many as 3! Don't waste more space on additional chargers! The product will accommodate as many as 4 mobile devices at the same time and will take care of instant renewal of their energy. The comfort of use will be enhanced by the 2m cable.

#### Safety first

The Ldnio power strip is equipped with a waterproof mechanical switch to protect your equipment from children. High-quality, fire-resistant materials have been used in its construction, and the copper core has been reinforced. The built-in smart chip automatically adjusts the voltage to ensure complete safety of your devices.
