

Gaming mouse Havit GAMENOTE MS878 RGB 1000-10000 DPI

Gaming mouse Havit GAMENOTE MS878 RGB 1000-10000 DPI

Ref: 6939119029623

Havit MS878 gaming mouse

Havit MS878 mouse was created for real players. Lightweight construction of the mouse makes you can play even longer without feeling tired. Interesting honeycomb-like design further enhances the gaming atmosphere.

DPI level can be set

Mouse MS878 allows you to adjust the DPI level in the range 1000-2400-3600-5000-7000-1000000DPI). This allows you to set exactly the sensitivity you need at a given moment of the game.

Gaming backlight

The mouse has a gaming RGB backlight, so it shines in as many as 16 million colors. You can customize it according to your own preferences using dedicated software.

Sky Lightness

MS878 mouse is one of the lightest mice available on the market. Its weight is only 69 grams. Carefully profiled casing allows for even greater comfort and convenience while playing.
