Ref: 6933138700020

Power strip with 5 AC sockets, 6x USB LDNIO SC5614, EU/US, 2500W (white)

Power strip with 5 AC outlets, 6x USB LDNIO SC5614, 2500 W (white).

If you are constantly losing your chargers, the LDNIO SC5614 power strip is the perfect solution for you. It not only contains 5 outlets for plugs of different types, but also 6 USB ports. In addition, you will connect many appliances of any size to it, as its output power is 2500 watts. This makes it a universal power supply device.

Universal power strip

LDNIO SC5614 power strip is a device to which you can connect various types of equipment with different plugs. It will be suitable for UK/EU/US plugs, and it also includes 6 USB ports, making it a universal power supply in your home. You no longer need to use chargers and other adapters.

Faster charging

The LDNIO SC5614 power strip is a guarantee of fast charging, as its maximum power reaches up to 17 watts, so it can easily replace phone and tablet chargers. In addition, its output power is 2500 watts, which makes it suitable for any size of household appliances and mobile devices. With this power strip, you won't be limited in the equipment you plug in.

Guaranteed safety

The sturdy 2-meter long power cord will ensure optimal power supply to the connected devices, so you can enjoy their uninterrupted operation. The LDNIO SC5614 power strip is also a guarantee of safety, as it is made of high-quality PC material that is flame resistant. In addition, it exhibits water resistance at the IPX6 level. In addition, it has been equipped with special latches to protect children from electric shock. With these safety features, you can use it safely.
