# Midea B8 bagged vacuum cleaner MBC2080BS

The Midea B8 bagged vacuum cleaner will allow you to quickly and conveniently take care of the cleanliness in your home. It is distinguished by its power of up to 700W and low noise level - only about 59dB. The device also uses a HEPA filter and allows automatic cable retraction. It is also very convenient to use. The kit also includes 3 textile dust bags with a capacity of 3 liters and several replaceable brushes.

## Powerful motor - quiet operation

Thanks to its powerful motor, the vacuum cleaner can provide up to 200W of suction power. Thanks to this you will be able to deal with dust, crumbs, hair and dander in no time! Also noteworthy is the HEPA filter, which reduces the risk of secondary contamination. What's more, the device works extremely quietly - its volume level is only about 59dB. Forget about the annoying noise!

### Perfect for different types of floors

Soon the floors in your home can shine clean. The B8 vacuum cleaner is equipped with a specially designed brush that is perfect for carpets. With its help you will remove crumbs, dust and even hair hidden in their fibers in no time! The set also includes an additional brush for parquet floors. Panels, carpets, tiles - Midea B8 will meet your expectations in almost any situation!

## Even more brushes included

You'll also find several other brushes in the set, which will make it easier for you to clean even hard-to-reach corners. The crevice brush will allow you to vacuum the recesses in chairs and other narrow spaces, while the round brush is suitable for cleaning curtains or shelves, for example. The upholstery brush will come in handy when cleaning sofas or couches, and the small turbo brush will allow you to quickly remove hair, among other things.

## Convenient use

The B8 vacuum cleaner is extremely user-friendly. Durable wheels make it easy to steer, while the flexible hose, 9-meter cable and 90-centimeter tube provide convenient access to hard-to-reach places. You'll also find a small handle with which to attach accessories to the appliance's tube - now you always have them within reach! The vacuum cleaner will also allow you to adjust the suction power to your needs.
