

## Dash camera Hikvision C8 2160P/30FPS

Ref: 6931847110437

Dash camera Hikvision C8 2160P/30FPS

Hikvision C8 2160P/30FPS video recorder

If you are looking for an inseparable companion for your car then the Hikvision dashcam is for you. Driving will become more enjoyable, thanks to the built-in GPS module and high resolution recordings. During dangerous situations, the G-sensor that the camera is equipped with will trigger emergency recording. So you can feel safe during any car journey.

### Reliable equipment day and night

Both day and night you will be guaranteed a good image when you choose the Hikvision dashcam C8. This will be ensured by the wide viewing angle of up to 118 degrees, as well as the high image resolution of up to 2160 P. The large F1.75 aperture is a guarantee of an excellent image at night.

### Security

The Hikvision camera is also a guarantee of safety, as it is equipped with a G-sensor. In the event of a car crash or strong vibrations, it will activate emergency recording. Communication with the device will be facilitated by the built-in Wi-Fi module. In addition, it also supports a SD card with capacities from 32 GB to 256 GB. This gives you the assurance that every situation on the road will be recorded and saved.

### Additional features

Through its built-in functions, the Hikvision dashcam C8 is very convenient to use. It is equipped with a Wi-Fi module, microphone and loudspeaker. What's more, it also has a built-in GPS module for added convenience. This gives you the ability to play route tracking and speed display. The camera switches on when you start the engine, so that your route is recorded from the very first minutes.

#### Easy operation

The Hikvision device is easy and pleasant to use. A dedicated app gives you the ability to view live, configure parameters and play back recordings. You can also operate the camera using your voice. In addition, it is also easy and quick to install. It shows low power consumption with high performance.
