

USB-C to AUX mini jack 3.5mm + USB-C adapter, Mcdodo CA-1880

USB-C to AUX mini jack 3.5mm + USB-C adapter, Mcdodo CA-1880 (black)

Ref: 6921002618809

USB-C to AUX mini jack 3.5mm + USB-C adapter, Mcdodo CA-1880 (black)

Want to plug in your headphones, but your phone needs charging? Now it's not a problem! Get extra space with the Mcdodo adapter. The device offers two inputs - USB-C and 3.5mm, so you can charge your phone and listen to music at the same time. The product supports fast charging protocols and provides stable audio transmission. What's more, using the adapter you can freely use the functions of the built-in remote control and microphone, and thanks to its robust construction you will enjoy its performance for years to come.

Fast charging

When connecting the adapter, you don't lose out on charging speed. The device supports PD 60 W, so you'll be charging your phone in no time without unplugging your headphones. It takes just over 1.5 hours to reach 100% in the Huawei Mate40 Pro's battery.

Don't give up on your favorite entertainment

You no longer need to unplug your headphones to charge your device. The adapter solves the problem of lack of space and allows you to plug in a USB-C charger and a 3.5mm jack at the same time. So you can comfortably watch a movie, play a game or listen to your favorite music while your device is charging.

Excellent sound quality

The built-in chip ensures stable data transmission, so you can enjoy excellent sound quality without distortion or delay. What's more, the adapter supports phone calls and does not affect the operation of the headphones' built-in remote control, so you can freely control music and calls without worrying about any interference.

Solid construction

The adapter is made of high-quality materials, making it resistant to wear and damage. The nylon braid ensures greater cable durability, and the compact design means the Mcdodo Adapter can accompany you anywhere.
