

## Action Camera SJCAM SJ8 Pro

Action Camera SJCAM SJ8 Pro

Ref: 6972476168130

### SJCAM SJ8 Pro sports camera

Are you looking for a sports camera that will allow you to capture dynamic shots and take breathtaking images? Whether you are already an expert in your field or just starting out behind the camera, SJCAM's proposal will meet your expectations. The SJ8 Pro allows you to create video footage in 4K/60FPS quality and take photos that can reach up to 12MP in sharpness. It offers a variety of modes, and the field of view is as high as 170°. Also noteworthy are distortion correction, 8x zoom, 6-axis gyroscope and compact size of the device.

### Stunning image quality

Feel like a professional and create impressive content. The SJ8 Pro camera provides a 170° viewing angle with distortion correction, captures 4K/60FPS video and takes 12MP photos. With an 8x zoom, you can easily create gripping footage and take richly detailed photos. Stabilization during recording is provided by a 6-axis gyroscope.

### Various modes of operation

Are you conducting live broadcasts? Do you record vlogs? Or do you travel often and care about capturing stunning scenery? The SJ8 Pro offers several modes of operation, making it perfect for a variety of scenarios. There will be 6 recording modes at your disposal, including Normal, Time-lapse, Slow Video, Video + Photo, Car and Loop. What's more, the camera also provides 3 shooting modes - Single, Interval and Continuous. Let your creativity run wild and create footage without limits!

#### User-friendly

To make recording with the SJCAM sports camera as comfortable as possible, the device is equipped with two screens: a 2.33" rear screen with touch control function and a 0.96" front screen. Both will provide you with convenient access to the results of your work. The device has a compact design and is extremely lightweight, so it fits perfectly in your hand. You can use the SJ8 Pro for many hours without experiencing discomfort.

#### Record underwater

Realize your every creative invention with the SJCAM. The included waterproof case allows you to record interesting scenes underwater. You can submerge yourself with the SJ8 Pro to a depth of up to 30 meters. Worried that the colors of your shots won't be vivid enough? Don't be, you can easily adjust the white balance to suit your needs. Underwater mode is available, as well as Auto, Daylight, Cloudy, Tungsten and Fluorescent. Opt for originality and surprise others with your materials!

#### Powerful battery

Don't worry that the SJ8 Pro camera will discharge while recording important footage. The device is equipped with a powerful lithium-ion battery with a capacity of 1200 mAh. As a result, you can freely record videos in 4K/60FPS quality for 70 minutes. Want to save the recorded footage? You can use a micro SD memory card with a maximum capacity of 256GB (not included) to do so. This way you can go back to previous recordings and track your own progress. Record special moments and preserve priceless memories!

#### Additional facilities

Enhance your experience with the dedicated SJCAM ZONE app and enjoy remote control of the camera. What's more, the device can also be operated with a remote control (to be purchased separately). The SJ8 Pro operates in the 2.4GHz and 5GHz Wi-Fi band. Forget about interference and enjoy smooth operation!
