External sound card USB 2.0 TRS Vention CDYB0 2-port 0.15m
Ref: 6922794761063

External sound card USB 2.0 Vention CDYB0 2-port 0.15m

External USB 2.0 sound card Vention CDYB0 2-port 0.15m.
The Vention external sound card will help you solve the problem of not having enough jack sockets on your laptop! With its USB2.0 interface, you can easily connect it to multiple devices. It is equipped with an audio and microphone jack, and thanks to the plug&play system you don't have to worry about configuration problems. The compact design means you can take it with you and connect it to any device to fully enjoy excellent sound quality wherever you are.

Enhance the capabilities of your laptop
The CDYB0 has 2 dual jack ports that give you even more flexibility to connect various audio devices. You can successfully connect headphones and a microphone at the same time to communicate freely with others. You can also use the external sound card to connect speakers to fully immerse yourself in the sounds of your favorite songs. What's more, the advanced chip effectively reduces ambient noise.

Easy installation
Thanks to the USB2.0 interface, installing the sound card will be no problem for you. The plug&play system will allow you to directly connect the device to your laptop, without installing additional drivers or software. The product is compatible with many operating systems, including Linux, Windows 10 and macOS.
