

Cable USB 2.0 to Lightning, Vention LABHF 2.4A 1m (Gray)

Ref: 6922794747555

USB 2.0 cable to Lightning, Vention LABHF, 1m (Gray)

USB 2.0 cable to Lightning, Vention LABHF, 1m (Gray)

The USB-A to Lightning cable by Vention will allow you to charge your smartphone quickly. It provides up to 2.4 A, which means that with its help you can, for example, charge your iPhone 12 Pro in just about 136 minutes! The product is also MFi certified - it is fully compatible with Apple devices, guarantees their safety and meets their requirements. The cable also allows you to transfer files at speeds of up to 480 Mbps. Don't wait too long for your photos or videos to reach their destination!

Top quality workmanship

Bet on proven solutions. The Vention cable is highly durable, and with upgraded connectors it provides reliable, fast performance. Nylon braid and aluminum alloy covers protect it from damage and wear, and its most delicate parts have received additional reinforcements. What's more, the product is equipped with an improved Apple C89 chip, which is responsible for smart and secure charging.
